

Insurance Marketing List A. If you see the value in either of these lists, make an offer. This is List A. You can aquire List-A, List B or (if your company is a high roller) get both. Your company will in a great postion to win organic search in 2023 - 2028.

The "Riches-in-the-Niches" Retail Auto and P&C Insurance Lead Generation Project. Make no

Expect high two or even three digit monthly ROI percentages once this project gets rolling. My mentor was one of the inventors of voice search, so I had a head start and took action. Leverage this traffic to your competitive advantage. Hence, this is voice-search-centric and can put your company ahead by years in organic search.

For a cost justified monthly fee, just "one" insurance carrier, aggregator, or national agency gets benefits the whole lot of names for as long as you are under contract.
